ELECTRONIC COMMUNICATIONS RELEASE FORM

2025.1C Electronic Communication: A member may elect to receive all required and voluntary communications electronically, including monthly bills and meeting notifications, which the association would normally send by mail. The member must complete and sign this Electronic Communications Release Form, in person at the association office, witnessed by an officer of the Board of Directors or the Manager of the system, or the form can be notarized and sent to the office via certified mail. The form will be retained with the membership records in the office. If the member desires to rescind this selection, they must complete the change form in person at the office, or the form can be notarized and sent to the office via certified mail.

Our ability to provide communications to you electronically depends upon you maintaining a valid, working email address. Therefore, you agree to provide us with and maintain a valid, working email address for communications that will be delivered by email and that you will promptly notify us of any change to your email address. For communications that are provided to you via email, text message, our website, or another electronic notification method, it is your responsibility to promptly review those communications. We may, at our discretion, mail paper copies of communications to you, in addition to or instead of sending them to you electronically.

To receive water outage and emergency notifications, opt in on our website at <https://tpwuc.net/>
